

G Eon Design is a design solution company that provides design services for identity, advertising, promotions and information materials. Our purpose is to deliver the job the way you expect them to be; an effective, cost-efficient and good quality kind of work.

**TAILOR MADE**

Specializing 'tailor made' that customizes print and web that makes great results. Providing excellent design and web functionality to build your business or personal use at the highest. Not only in design, we will give your website or print a strong message that will reach potential clients or people you're targeting.

**BUSINESS AND PUBLICATION SOLUTION**

We have a lot to offer to help you either to get you started on your business or continue on your marketing plans. Other publications are also offered for magazine, newsletter for other media information. Other than advertisements information shows announcements, catalogs of products or manual informations. We can do them all.

**VALUE ON THE POCKET**

Because our clients are valuable to us we give products in a reasonable price that suit your budget. We offer to you packages and promotions for all of our collaterals and web developments on special personal offers.

**TRANSACTION 1-2-3**

G Eon designs can deal with you right away through the internet as easy as 123. Payment transactions are through paypal or we can pay you a visit for that other than special appointments (only in the Northern New Jersey area) or the traditional snail mail check, payable to  
G EON DESIGNS.

It is in our objective that every final output meets your requirements.
