To Whom It May Concern:

I am a second grade teacher at Bloomington Elementary School in Bloomington, Texas. It has been my pleasure to work with and for Mr. Randall Beard since school began in August, 2005.

I have been pleasantly surprised with Mr. Beard's interaction with parents and students. He is very visible to everyone on campus. In both the mornings and evenings he is outside greeting parents and students as they arrive and seeing them off as they leave for the day. He often is in and out of our classrooms encouraging children, giving them pep talks and telling short amusing stories. The door is open to his office and he makes himself available to staff who have concerns.

If Mr. Beard finds another position, I will be sorry to see him leave, but I wish him the best in whatever he undertakes.

Sincerely,

Mrs. Judy Saddler
Bloomington Elementary School
