WHO IS THE UCLA ALUMNI BAND?

We are a group of men and women who were members of a Bruin Band. Our fanaticism for UCLA has continued undaunted for 29 years. We are a support and spirit organization made up of people from all walks of life: medicine, government, law, dentistry, education, movies and television, insurance, computers, transportation, engineering, and yes, even music. We bond together based on our great love of music, and of UCLA. We occasionally make road trips to perform and support the athletic teams and Bruin alumni groups.

As a former member of a Bruin Band, you are eligible to join the UCLA Alumni Band. No matter how long it has been since your playing days in a Bruin Band, you are welcome in the UCLA Alumni Band. The 2004 - 2005 membership form is enclosed along with a return envelope.
