

Dear Valued Customer,

The SGI™ Supportfolio™ Online for Linux® World Wide Web site highlights some information that you need to know about the SGI ProPack for Linux™ release.

<http://support.sgi.com/linux/>

See this site for a copy of the SGI ProPack for Linux™ errata, which supplements the documentation shipped with your system. If you have an SGI software support contract, you may contact SGI customer support for help. For support telephone numbers in your area, see the Supportfolio site.

SGI Linux documents, including this letter, are available from the Technical Publications Library at:

<http://techpubs.sgi.com/library/>

Thank you for buying an SGI Linux system.
