Isn't it time to upgrade your servers?

With the phase out of Microsoft® Windows® NT® Server 4.0 now complete, there will no longer be non-security hotfixes available after year-end 2003. Isn't it time you upgraded your servers?

Organizations like yours are requiring more and more IT services and features to meet their ongoing business demands. You know that server operating systems must support an extensible array of services that provide availability, reliability, scalability, and more—all within a highly secure environment. Microsoft Windows Server™ 2003 provides many new tools, services, and features that make a compelling case for upgrading from your current Windows NT Server 4.0 systems.

You can realize immediate benefits by simply upgrading your server to Windows Server 2003 – including:
• New robust security including enhanced PKI and Kerberos.
• Unified management
• Secure remote and wireless access

Save up to 15% on new HP servers and receive software rebates of up to $150 when you trade up to Microsoft Windows Server 2003 and Microsoft Exchange 2003*! Hurry limited time offers.

Now is the time to trade up to the power and reliability of the latest technology from HP and Microsoft. It's a great way to improve the performance and security of your IT environment.

Trade in eligible servers for select new HP ProLiant, HP TC-series servers, and StorageWorks NAS …then add even more value by stepping up to the performance and reliability of Microsoft® Windows Server™ 2003 operating system and Microsoft Exchange Server 2003. Save now with rebates and then continue to save – year after year – with higher productivity and lower total cost of ownership.

Server upgrades made easy with HP and Microsoft special offers.

Program Details*

• **Save $50 on server operating system!**
  $50 cash back from HP on the purchase of Microsoft Windows Server 2003 with the new eligible HP server.

• **Receive an additional $100 Microsoft rebate** from HP when you upgrade your messaging server to Microsoft Exchange Server 2003.

• **Save with trade-in allowances of up to 15% or $15,000** off the standard Internet List Price of new HP servers, depending on the specifications of trade-in.

• **Receive an additional rebate of up to 10%** off the internal options of the new HP server with trade-in qualified server options.

• **Rebates good on up to three new HP ProLiant servers** for each qualified trade-in.

• **Free** packaging and free return shipping for trade-ins. HP provides packing materials and shipping for your trade-in equipment to make the entire transaction seamless.
